

The Independent Auditor's Report on a Complete Set of General Purpose Financial Statements

This Singapore Standard on Auditing was approved by the Council of the Institute of Certified Public Accountants of Singapore in March 2002 and superseded SSA 13 as of its effective date.

Auditors are required to comply with the auditing standards contained in this SSA in respect of audits of financial statements for periods beginning on or after 1 April 2002.

SSA 700 (2004) superseded the SSA (2002) of the same title in June 2004. No substantive changes were made to the original approved text and all cross references were updated, as appropriate.

Revised SSA 700 (2006) superseded SSA 700 "The Auditor's Report on Financial Statements" in May 2006.

Auditors are required to comply with the auditing standards contained in this SSA in respect of auditor's reports dated on or after 31 December 2006.

Revised SSA 700 (2007) superseded the SSA of the same title in February 2007.

The amendments made to SSA 700 (paragraphs 28 and 60) in March 2008 are effective for auditor's reports dated on or after 19 March 2008.

This SSA was last updated in January 2010.

Singapore Standards on Auditing (SSAs) are to be applied, as appropriate, in the audit or review of historical financial information.

SSAs contain basic principles and essential procedures (identified in bold lettering) together with related guidance in the form of explanatory and other material, including appendices. The basic principles and essential procedures are to be understood and applied in the context of the explanatory and other material that provide guidance for their application. It is therefore necessary to consider the whole text of an SSA to understand and apply the basic principles and essential procedures.

The nature of SSAs requires auditors to exercise professional judgement in applying them. In exceptional circumstances, an auditor may judge it necessary to depart from a basic principle or essential procedure of an SSA to achieve more effectively the objective of the audit. When such a situation arises, the auditor should be prepared to justify the departure.

Any limitation of the applicability of a specific SSA is made clear in the SSA.

The Public Sector Perspective (PSP) issued is set out at the end of an SSA. Where no PSP is added, the SSA is applicable in all material respects to the public sector.

SINGAPORE STANDARD ON AUDITING

SSA 700

The Independent Auditor's Report on a Complete Set of General Purpose Financial Statements

Foreword

- i. This Standard is based on International Standard on Auditing 700, with such amendments as were considered appropriate for local adoption.
- ii. The major amendments are as follows:

Paragraph 28

The auditor's report should state that management is responsible for the preparation and the fair presentation of the financial statements in accordance with the applicable financial reporting framework and that this responsibility includes:

- (a) Designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
- (b) Selecting and applying appropriate accounting policies; and
- (c) Making accounting estimates that are reasonable in the circumstances.

is replaced by:

The auditor's report should state that management is responsible for the preparation and fair presentation of the financial statements in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards*. This responsibility includes:

- a) devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets; **
- b) selecting and applying appropriate accounting policies; and
- c) making accounting estimates that are reasonable in the circumstances.

* Or in the case of an entity other than a company, in accordance with the applicable legal and financial reporting standards.

** Paragraph (a) is applicable to public companies and their subsidiaries: see section 199(2A) of the Companies Act Cap. 50.

Paragraph 60

The following is an illustration of the auditor's report incorporating the elements set forth above for an audit of financial statements prepared in accordance with FRSs expressing an unqualified opinion. In addition to the audit of the financial statements, the illustration assumes that the auditor has other reporting responsibilities required under local law.

INDEPENDENT AUDITOR'S REPORT

[Appropriate Addressee]

Report on the Financial Statements

We have audited the accompanying financial statements of ABC Company, which comprise the balance sheet as at December 31, 20X1, and the income statement, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Financial Reporting Standards. This responsibility includes: designing, implementing and maintaining internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements give a true and fair view of *(or "present fairly, in all material respects,")* the financial position of ABC Company as of December 31, 20X1, and of its financial performance and its cash flows for the year then ended in accordance with Financial Reporting Standards.

Report on Other Legal and Regulatory Requirements

[Form and content of this section of the auditor's report will vary depending on the nature of the auditor's other reporting responsibilities.]

[Auditor's signature]

[Date of the auditor's report]

[Auditor's address]

is replaced by:

The following is an illustration of the auditor's report incorporating the elements set forth above for an audit of financial statements of a public company, or a subsidiary of a public company, prepared in accordance with FRSs expressing an unqualified opinion. In addition to the audit of the financial statements, the illustration assumes that the auditor has other reporting responsibilities required under local law.

INDEPENDENT AUDITOR'S REPORT

[Appropriate Addressee]

Report on the Financial Statements

We have audited the accompanying financial statements of the Company, which comprise the balance sheet as at 31 December 20X1, and the statement of comprehensive income, the income statement¹, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the provisions of the Singapore Companies Act, Cap. 50 (the "Act") and Singapore Financial Reporting Standards. This responsibility includes:

- (a) devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets;
- (b) selecting and applying appropriate accounting policies; and
- (c) making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the

¹ Delete if income statement is included in the statement of comprehensive income.

circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion,

- (a) the financial statements are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Company as at _____(date) and the results, changes in equity and cash flows of the Company for the year ended on that date; and
- (b) the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Report on Other Legal and Regulatory Requirements

[Form and content of this section of the auditor's report will vary depending on the nature of the auditor's other reporting responsibilities.]

_____ (Date)

Introduction

1. The purpose of this Singapore Standard on Auditing (SSA) is to establish standards and provide guidance on the independent auditor's report issued as a result of an audit of a complete set of general purpose financial statements prepared in accordance with a financial reporting framework that is designed to achieve fair presentation. It also provides guidance on the matters the auditor considers in forming an opinion on those financial statements. As described in SSA 200, "Objective and General Principles Governing an Audit of Financial Statements," "general purpose financial statements" are financial statements prepared in accordance with a financial reporting framework that is designed to meet the common information needs of a wide range of users.
2. This SSA addresses circumstances when the auditor is able to express an unqualified opinion and no modification to the auditor's report is necessary. SSA 701, "Modifications to the Independent Auditor's Report" establishes standards and provides guidance on the modifications to this report for an emphasis of matter, a qualified opinion, a disclaimer of opinion, or an adverse opinion.
3. SSA 800, "The Independent Auditor's Report on Special Purpose Audit Engagements" establishes standards and provides guidance on the form and content of the auditor's report issued as a result of an audit of:
 - (a) A complete set of financial statements prepared in accordance with an other comprehensive basis of accounting;

- (b) A component of a complete set of general purpose or special purpose financial statements, such as a single financial statement, specified accounts, elements of accounts, or items in a financial statement;
- (c) Compliance with contractual agreements; and
- (d) Summarized financial statements.

The Auditor's Report on Financial Statements

4. **The auditor's report should contain a clear expression of the auditor's opinion on the financial statements.**
5. As stated in SSA 200, the objective of an audit of financial statements is to enable the auditor to express an opinion whether the financial statements are prepared, in all material respects, in accordance with the applicable financial reporting framework.
6. Unless required by law or regulation to use different wording, the auditor's opinion on a complete set² of general purpose financial statements prepared in accordance with a financial reporting framework that is designed to achieve fair presentation (for purposes of this SSA referred to as "financial statements") states whether the financial statements "give a true and fair view" or "are presented fairly, in all material respects," in accordance with the applicable financial reporting framework. These phrases "give a true and fair view" and "are presented fairly, in all material respects," are equivalent. Which of these phrases is used in any particular jurisdiction is determined by the law or regulations governing the audit of financial statements in that jurisdiction, or by established practice in that jurisdiction.
7. In some jurisdictions, law or regulation governing the audit of financial statements may prescribe wording for the auditor's opinion that is different from the phrases described in paragraph 6. Although the auditor may be obliged to use the prescribed wording, the auditor's responsibilities as described in this SSA for forming the opinion remain the same.
8. When wording prescribed by law or regulation differs significantly from the phrases in paragraph 6, the auditor carefully considers whether there may be a risk that users might misunderstand the assurance obtained in an audit of financial statements. For example, the wording might convey to readers that the auditor is attesting to the accuracy of the financial statement amounts rather than expressing an opinion on whether the financial statements give a true and fair view or are presented fairly, in all material respects. In such circumstances, the auditor considers whether the risk of misunderstanding can be mitigated through appropriate explanation in the auditor's report (see SSA 701).

Applicable Financial Reporting Framework

9. The auditor's judgment regarding whether the financial statements give a true and fair view or are presented fairly, in all material respects, is made in the context of the applicable financial reporting framework. As discussed in SSA 210, "Terms of Audit Engagements," without an acceptable financial reporting framework, the auditor does not have suitable criteria for evaluating the entity's financial statements. SSA 200 describes the auditor's responsibility to determine whether the financial reporting framework adopted by management in preparing the financial statements is acceptable.
10. In the case of financial statements that are within the scope of this SSA, application of a financial reporting framework determined to be acceptable for general purpose financial statements will, except in the extremely rare circumstances discussed in paragraph 15, result in financial statements that achieve fair presentation. Although the financial reporting

² As explained in paragraph 35 of SSA 200, "Objective and General Principles Governing an Audit of Financial Statements," the financial reporting framework determines what constitutes a complete set of financial statements. A complete set of financial statements under Financial Reporting Standards (FRSs) comprises a balance sheet, an income statement, a statement of changes in equity, a cash flow statement and a summary of significant accounting policies and other explanatory notes.

framework may not specify how to account for or disclose all transactions or events, it ordinarily embodies sufficient broad principles that can serve as a basis for developing and applying accounting policies that are consistent with the concepts underlying the requirements of the framework. Thus, the financial reporting framework provides a context for the auditor's evaluation of the fair presentation of the financial statements, including whether the financial statements have been prepared and presented in accordance with the specific requirements of the applicable financial reporting framework for particular classes of transactions, account balances and disclosures.

Forming an Opinion on the Financial Statements

11. **The auditor should evaluate the conclusions drawn from the audit evidence obtained as the basis for forming an opinion on the financial statements.**
12. When forming an opinion on the financial statements, the auditor evaluates whether, based on the audit evidence obtained, there is reasonable assurance about whether the financial statements taken as a whole are free from material misstatement. This involves concluding whether sufficient appropriate audit evidence has been obtained to reduce to an acceptably low level the risks of material misstatement of the financial statements³ and evaluating the effects of uncorrected misstatements identified.⁴
13. Forming an opinion as to whether the financial statements give a true and fair view or are presented fairly, in all material respects, in accordance with the applicable financial reporting framework involves evaluating whether the financial statements have been prepared and presented in accordance with the specific requirements of the applicable financial reporting framework for particular classes of transactions, account balances and disclosures. This evaluation includes considering whether, in the context of the applicable financial reporting framework:
 - (a) The accounting policies selected and applied are consistent with the financial reporting framework and are appropriate in the circumstances;
 - (b) The accounting estimates made by management are reasonable in the circumstances;
 - (c) The information presented in the financial statements, including accounting policies, is relevant, reliable, comparable and understandable; and
 - (d) The financial statements provide sufficient disclosures to enable users to understand the effect of material transactions and events on the information conveyed in the financial statements, for example, in the case of financial statements prepared in accordance with Financial Reporting Standards (FRSs), the entity's financial position, financial performance and cash flows.
14. Forming an opinion as to whether the financial statements give a true and fair view or are presented fairly, in all material respects, in accordance with the applicable financial reporting framework also involves evaluating the fair presentation of the financial statements. The auditor considers whether the financial statements, after any adjustments made by management as a result of the audit process, are consistent with the auditor's understanding of the entity and its environment. The auditor considers the overall presentation, structure and content of the financial statements. The auditor also considers whether the financial statements, including the note disclosures, faithfully represent the underlying transactions and events in a manner that gives a true and fair view of or presents fairly, in all material respects, the information conveyed in the financial statements in the context of the financial reporting framework. Analytical procedures performed at or near the end of the audit help to

³ See SSA 330, "The Auditor's Procedures in Response to Assessed Risks."

⁴ See SSA 320, "Audit Materiality."

corroborate conclusions formed during the audit and assist in arriving at the overall conclusion as to the fair presentation of the financial statements.

Extremely Rare Circumstances when Applying the Financial Reporting Framework Results in Misleading Financial Statements

15. As discussed in SSA 210, the auditor considers the acceptability of the financial reporting framework when considering accepting the engagement. Application of a financial reporting framework determined to be acceptable for general purpose financial statements will ordinarily result in financial statements that achieve fair presentation. In extremely rare circumstances, however, application of a specific requirement in a framework that has been determined to be acceptable for general purpose financial statements may result in financial statements that are misleading in the particular circumstances of the entity. Some financial reporting frameworks determined to be acceptable for general purpose financial statements acknowledge, implicitly or explicitly, that there are extremely rare circumstances when it is necessary for the financial statements to depart from a specific requirement in the framework in order to achieve the objective of fair presentation of the financial statements and provide guidance on the disclosures required. Other financial reporting frameworks may not provide any guidance on these circumstances even though they are acceptable frameworks for general purpose financial statements. If the auditor encounters circumstances that lead the auditor to conclude that compliance with a specific requirement results in financial statements that are misleading, the auditor considers the need to modify the auditor's report. The modifications, if any, that are appropriate to the auditor's report will depend on how management addresses the matter in the financial statements and how the financial reporting framework deals with these rare circumstances (see SSA 701).

Elements of the Auditor's Report in an Audit Conducted in Accordance with Singapore Standards on Auditing⁵

16. Consistency in the auditor's report, when the audit has been conducted in accordance with the SSAs, promotes credibility in the global marketplace by making more readily identifiable those audits that have been conducted in accordance with globally recognized standards. It also helps to promote the reader's understanding and to identify unusual circumstances when they occur.
17. Paragraphs 18-60 set out the requirements relating to the following elements of the auditor's report when the audit has been conducted in accordance with the SSAs:
 - (a) Title;
 - (b) Addressee;
 - (c) Introductory paragraph;
 - (d) Management's responsibility for the financial statements;
 - (e) Auditor's responsibility;
 - (f) Auditor's opinion;
 - (g) Other reporting responsibilities;
 - (h) Auditor's signature;
 - (i) Date of the auditor's report; and
 - (j) Auditor's address.

⁵ Paragraphs 61-66 address the auditor's report when the audit has been conducted in accordance with both SSAs and auditing standards of a specific jurisdiction or country.

Title

18. **The auditor's report should have a title that clearly indicates that it is the report of an independent auditor.**
19. A title indicating the report is the report of an independent auditor, for example, "Independent Auditor's Report," affirms that the auditor has met all of the relevant ethical requirements regarding independence and, therefore, distinguishes the independent auditor's report from reports issued by others.

Addressee

20. **The auditor's report should be addressed as required by the circumstances of the engagement.**
21. National laws or regulations often specify to whom the auditor's report on general purpose financial statements should be addressed in that particular jurisdiction. Ordinarily, the auditor's report on general purpose financial statements is addressed to those for whom the report is prepared, often either to the shareholders or to those charged with governance of the entity whose financial statements are being audited.

Introductory Paragraph

22. **The introductory paragraph in the auditor's report should identify the entity whose financial statements have been audited and should state that the financial statements have been audited. The introductory paragraph should also:**
 - (a) **Identify the title of each of the financial statements that comprise the complete set of financial statements;**
 - (b) **Refer to the summary of significant accounting policies and other explanatory notes; and**
 - (c) **Specify the date and period covered by the financial statements.**
23. This requirement is ordinarily met by stating that the auditor has audited the accompanying financial statements of the entity, which comprise [state the titles of the complete set of financial statements required by the applicable financial reporting framework, specifying the date and period covered by those financial statements] and referring to the summary of significant accounting policies and other explanatory notes. In addition, when the auditor is aware that the financial statements will be included in a document that contains other information, such as an annual report, the auditor may consider, if the form of presentation allows, identifying the page numbers on which the financial statements are presented. This helps readers to identify the financial statements to which the auditor's report relates.
24. The auditor's opinion covers the complete set of financial statements as defined by the applicable financial reporting framework. In the case of financial statements prepared in accordance with FRSs, this includes: a balance sheet, an income statement, a statement of changes in equity, a cash flow statement, and a summary of significant accounting policies and other explanatory notes. In some jurisdictions additional information might also be considered to be an integral part of the financial statements.
25. In some circumstances, the entity may be required by law or regulation or standards, or may voluntarily choose, to present together with the financial statements supplementary information that is not required by the financial reporting framework. For example, supplementary information might be presented to enhance a user's understanding of the financial reporting framework or to provide further explanation of specific financial statement items. Such information is normally presented in either supplementary schedules or as additional notes. The auditor's opinion may or may not cover the supplementary information

and it is therefore important for the auditor to be satisfied that any supplementary information that is not covered by the auditor's opinion is clearly differentiated, as discussed in paragraphs 67-71.

26. In some circumstances, the supplementary information cannot be clearly differentiated from the financial statements because of its nature and how it is presented. Such supplementary information is covered by the auditor's opinion. For example, the auditor's opinion covers notes or supplementary schedules that are cross-referenced from the financial statements. This would also be the case when the notes to the financial statements include an explanation of the extent to which the financial statements comply with another financial reporting framework.
27. Supplementary information that is presented as an integral part of the financial statements does not need to be specifically referred to in the introductory paragraph of the auditor's report when the reference to the notes in the description of the components of the financial statements in the introductory paragraph is sufficient.

Management's Responsibility for the Financial Statements

28. **The auditor's report should state that management is responsible for the preparation and the fair presentation of the financial statements in accordance with the provisions of the Singapore Companies Act, Chapter 50 and Singapore Financial Reporting Standards*. This responsibility includes:**
 - (a) **Devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets; ****
 - (b) **Selecting and applying appropriate accounting policies; and**
 - (c) **Making accounting estimates that are reasonable in the circumstances.**

* Or in the case of an entity other than a company, in accordance with the applicable legal and financial reporting standards.

** Paragraph (a) is applicable to public companies and their subsidiaries: see section 199(2A) of the Companies Act Cap. 50.

29. Financial statements are the representations of management. Management is responsible for the preparation and fair presentation of the financial statements in accordance with the applicable financial reporting framework. For example, in the case of financial statements prepared in accordance with FRSs, management is responsible for preparing financial statements that fairly present the financial position, financial performance and cash flows of the entity in accordance with FRSs. To fulfill this responsibility, management designs and implements internal control⁶ to prevent or to detect and correct misstatements, whether due to fraud or error, in order to ensure the reliability of the entity's financial reporting. The preparation of the financial statements requires management to exercise judgment in making accounting estimates that are reasonable in the circumstances, as well as to select and apply appropriate accounting policies. These judgments are made in the context of the applicable financial reporting framework.
30. There may be circumstances when it is appropriate for the auditor to add to the description of management's responsibilities in paragraph 28 to reflect additional responsibilities that are

⁶ In some jurisdictions, law or regulation prescribing management's responsibilities may specifically refer to a responsibility for the adequacy of accounting books and records, or accounting system. As books, records and systems are an integral part of internal control (as defined in SSA 315, "Understanding the Entity and Its Environment and Assessing the Risks of Material Misstatement"), no specific reference is made to them in paragraph 28 for the description of management's responsibilities.

relevant to the preparation and presentation of the financial statements in the context of the particular jurisdiction or the nature of the entity.

31. The term management has been used in this SSA to describe those responsible for the preparation and fair presentation of the financial statements. Other terms may be appropriate depending on the legal framework in the particular jurisdiction. For example, in some jurisdictions, the appropriate reference may be to those charged with governance (for example, the directors).

Auditor's Responsibility

32. **The auditor's report should state that the responsibility of the auditor is to express an opinion on the financial statements based on the audit.**
33. The auditor's report states that the auditor's responsibility is to express an opinion on the financial statements based on the audit in order to contrast it to management's responsibility for the preparation and fair presentation of the financial statements.
34. **The auditor's report should state that the audit was conducted in accordance with Singapore Standards on Auditing. The auditor's report should also explain that those standards require that the auditor comply with ethical requirements and that the auditor plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.**
35. The reference to the standards used conveys to the reader that the audit has been conducted in accordance with established standards.
36. SSA 200 specifies what is required in order to conduct an audit in accordance with the SSAs. Paragraph 14 in that SSA explains that the auditor cannot describe the audit as being conducted in accordance with the SSAs unless the auditor has complied fully with all of the SSAs relevant to the audit.
37. **The auditor's report should describe an audit by stating that:**
 - (a) **An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements;**
 - (b) **The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. In circumstances when the auditor also has a responsibility to express an opinion on the effectiveness of internal control in conjunction with the audit of the financial statements, the auditor should omit the phrase that the auditor's consideration of internal control is not for the purpose of expressing an opinion on the effectiveness of internal control; and**
 - (c) **An audit also includes evaluating the appropriateness of the accounting policies used, the reasonableness of accounting estimates made by management, as well as the overall presentation of the financial statements.**
38. **The auditor's report should state that the auditor believes that the audit evidence the auditor has obtained is sufficient and appropriate to provide a basis for the auditor's opinion.**

Auditor's Opinion

39. **An unqualified opinion should be expressed when the auditor concludes that the financial statements give a true and fair view or are presented fairly, in all material respects, in accordance with the applicable financial reporting framework.**
40. **When expressing an unqualified opinion, the opinion paragraph of the auditor's report should state the auditor's opinion that the financial statements give a true and fair view or present fairly, in all material respects, in accordance with the applicable financial reporting framework (unless the auditor is required by law or regulation to use different wording for the opinion, in which case the prescribed wording should be used).**
41. **When Financial Reporting Standards are not used as the financial reporting framework, the reference to the financial reporting framework in the wording of the opinion should identify the jurisdiction or country of origin of the financial reporting framework.**
42. The auditor's opinion states that the financial statements give a true and fair view of or present fairly, in all material respects, the information that the financial statements are designed to convey (which is determined by the financial reporting framework). For example, in the case of financial statements prepared in accordance with FRSs, the auditor expresses an opinion that the financial statements give a true and fair view of or are presented fairly, in all material respects, the financial position of the entity as at the end of the period and the entity's financial performance and cash flows for the period then ended.
43. To advise the reader of the context in which the auditor's opinion is expressed, the auditor's opinion identifies the applicable financial reporting framework on which the financial statements are based. When the applicable financial reporting framework is not FRSs, the auditor's opinion also identifies the jurisdiction or country of origin of the applicable financial reporting framework. The auditor identifies the applicable financial reporting framework in such terms as:
- "... in accordance with Financial Reporting Standards" or
 - "... in accordance with accounting principles generally accepted in Country X ..."
44. When the applicable financial reporting framework encompasses legal and regulatory requirements, the auditor identifies the applicable financial reporting framework in such terms as:
- "... in accordance with Financial Reporting Standards and the requirements of Country X Corporations Act."

Other Matters

45. Standards, laws or generally accepted practice in a jurisdiction may require or permit the auditor to elaborate on matters that provide further explanation of the auditor's responsibilities in the audit of the financial statements or of the auditor's report thereon. Such matters may be addressed in a separate paragraph following the auditor's opinion.

Other Reporting Responsibilities

46. In some jurisdictions, the auditor may have additional responsibilities to report on other matters that are supplementary to the auditor's responsibility to express an opinion on the financial statements. For example, the auditor may be asked to report certain matters if they come to the auditor's attention during the course of the audit of the financial statements. Alternatively, the auditor may be asked to perform and report on additional specified procedures, or to express an opinion on specific matters, such as the adequacy of accounting books and records. Auditing standards in the specific jurisdiction or country often provide guidance on the auditor's responsibilities with respect to specific additional reporting responsibilities in that jurisdiction or country.

47. In some cases, the relevant standards or laws may require or permit the auditor to report on these other responsibilities within the auditor's report on the financial statements. In other cases, the auditor may be required or permitted to report on them in a separate report.
48. **When the auditor addresses other reporting responsibilities within the auditor's report on the financial statements, these other reporting responsibilities should be addressed in a separate section in the auditor's report that follows the opinion paragraph.**
49. The auditor addresses these other reporting responsibilities in a separate section of the report in order to clearly distinguish them from the auditor's responsibilities for, and opinion on, the financial statements.

Auditor's Signature

50. **The auditor's report should be signed.**
51. The auditor's signature is either in the name of the audit firm, the personal name of the auditor or both, as appropriate for the particular jurisdiction. In addition to the auditor's signature, in certain jurisdictions, the auditor may be required to declare the auditor's professional accountancy designation or the fact that the auditor or firm, as appropriate, has been recognized by the appropriate licensing authority in that jurisdiction.

Date of the Auditor's Report

52. **The auditor should date the report on the financial statements no earlier than the date on which the auditor has obtained sufficient appropriate audit evidence on which to base the opinion on the financial statements. Sufficient appropriate audit evidence should include evidence that the entity's complete set of financial statements has been prepared and that those with the recognized authority have asserted that they have taken responsibility for them.**
53. The date of the auditor's report informs the reader that the auditor has considered the effect of events and transactions of which the auditor became aware and that occurred up to that date. The auditor's responsibility for events and transactions after the date of the auditor's report is addressed in SSA 560, "Subsequent Events."
54. Since the auditor's opinion is provided on the financial statements and the financial statements are the responsibility of management, the auditor is not in a position to conclude that sufficient appropriate audit evidence has been obtained until the auditor obtains evidence that a complete set of financial statements has been prepared and management has accepted responsibility for them.
55. In some jurisdictions, the law or regulation identifies the individuals or bodies (for example, the directors) that are responsible for concluding that a complete set of financial statements has been prepared, and specifies the necessary approval process. In such cases, the auditor obtains evidence of that approval before dating the report on the financial statements.⁷ In other jurisdictions, however, the approval process is not prescribed in law or regulation. In such cases, the auditor takes into account the procedures the entity follows in preparing and finalizing its financial statements in view of its management and governance structures in order to identify the individuals or body with the authority to conclude that the entity's complete set of financial statements, including the related notes, has been prepared.
56. In some jurisdictions, final approval of the financial statements by shareholders is required before the financial statements are issued publicly. In these jurisdictions, final approval by shareholders is not necessary for the auditor to conclude that sufficient appropriate audit evidence has been obtained. The date of approval of the financial statements for purposes of

⁷ In rare circumstances, law or regulation also identifies the point in the financial statement reporting process at which the audit is expected to be complete.

the SSAs is the earlier date on which those with the recognized authority determine that a complete set of financial statements has been prepared.

Auditor's Address

57. **The report should name the location in the country or jurisdiction where the auditor practices.**

Auditor's Report

58. **The auditor's report should be in writing.**
59. A written report encompasses both reports issued in hard copy format and those using an electronic medium.
60. The following is an illustration of the auditor's report incorporating the elements set forth above for an audit of financial statements of a public company, or a subsidiary of a public company, prepared in accordance with FRSs expressing an unqualified opinion. In addition to the audit of the financial statements, the illustration assumes that the auditor has other reporting responsibilities required under local law.

INDEPENDENT AUDITOR'S REPORT

[Appropriate Addressee]

Report on the Financial Statements⁸

We have audited the accompanying financial statements of the Company, which comprise the balance sheet as at 31 December 20X1, and the statement of comprehensive income, the income statement^{8a}, statement of changes in equity and cash flow statement for the year then ended, and a summary of significant accounting policies and other explanatory notes.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the provisions of the Singapore Companies Act, Cap. 50 (the "Act") and Singapore Financial Reporting Standards. This responsibility includes:

- (a) devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair profit and loss accounts and balance sheets and to maintain accountability of assets;
- (b) selecting and applying appropriate accounting policies; and
- (c) making accounting estimates that are reasonable in the circumstances.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Singapore Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

⁸ The subheading "Report on the Financial Statements" is unnecessary in circumstances when the second subheading "Report on Other Legal and Regulatory Requirements" is not applicable.

^{8a} Delete if income statement is included in the statement of comprehensive income.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control.⁹ An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion,

- (a) the financial statements are properly drawn up in accordance with the provisions of the Act and Singapore Financial Reporting Standards so as to give a true and fair view of the state of affairs of the Company as at _____(date) and the results, changes in equity and cash flows of the Company for the year ended on that date; and
- (b) the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

Report on Other Legal and Regulatory Requirements

[Form and content of this section of the auditor's report will vary depending on the nature of the auditor's other reporting responsibilities.]

_____(Firm)
 Public Accountants and
 Certified Public Accountants
 Singapore
 _____(Date)

⁹ In circumstances when the auditor also has responsibility to express an opinion on the effectiveness of internal control in conjunction with the audit of the financial statements, this sentence would be worded as follows: "In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances."

Auditor's Report for Audits Conducted in Accordance with Both SSAs and Auditing Standards of a Specific Jurisdiction or Country

61. The auditor may conduct the audit in accordance with both the SSAs and the auditing standards of a specific jurisdiction or country (for purposes of this SSA referred to as "national auditing standards").
62. **The auditor's report should refer to the audit having been conducted in accordance with the Singapore Standards on Auditing only when the auditor has complied fully with all of the Singapore Standards on Auditing relevant to the audit.**
63. The auditor may refer to the audit having been conducted in accordance with both SSAs as well as national auditing standards when the auditor complies with each of the SSAs relevant to the audit and performs any additional audit procedures necessary to comply with the relevant standards of that jurisdiction or country. A reference to both the SSAs and national auditing standards is not appropriate if there is a conflict between the reporting requirements regarding the auditor's report in the SSAs and in the national auditing standards that affects the auditor's opinion or the need to include an emphasis of matter paragraph in the particular circumstances. For example, some national auditing standards prohibit the auditor from including an emphasis of matter paragraph to highlight a going concern problem, whereas SSA 701 requires the auditor to modify the auditor's report by adding an emphasis of matter paragraph in such circumstances. In case of such conflicts, the auditor's report refers only to the auditing standards (either SSAs or the relevant national auditing standards) in accordance with which the auditor has complied with the reporting requirements.
64. **When the auditor's report refers to both Singapore Standards on Auditing and auditing standards of a specific jurisdiction or country, the auditor's report should identify the jurisdiction or country of origin of the auditing standards.**
65. **When the auditor prepares the auditor's report using the layout or wording specified by the law, regulation or auditing standards of the specific jurisdiction or country, the auditor's report should refer to the audit being conducted in accordance with both Singapore Standards on Auditing and the auditing standards of the specific jurisdiction or country only if the auditor's report includes, at a minimum, each of the following elements:**
 - (a) **A title;**
 - (b) **An addressee, as required by the circumstances of the engagement;**
 - (c) **An introductory paragraph that identifies the financial statements audited;**
 - (d) **A description of management's responsibility for the preparation and fair presentation of the financial statements;**
 - (e) **A description of the auditor's responsibility to express an opinion on the financial statements and the scope of the audit, that includes:**
 - (i) **A reference to the Singapore Standards on Auditing and the auditing standards of the specific jurisdiction or country, and**
 - (ii) **A description of the work an auditor performs in an audit.**
 - (f) **An opinion paragraph containing an expression of opinion on the financial statements¹⁰ and a reference to the applicable financial reporting framework**

¹⁰ Circumstances when the auditor needs to modify the auditor's opinion are addressed in SSA 701, "Modifications to the Independent Auditor's Report." In some circumstances, the auditor may not be able to express an opinion on the financial statements because the effect of a limitation on the scope of the audit is so material and pervasive that the auditor has not

used to prepare the financial statements (including identifying the country of origin of the financial reporting framework when Financial Reporting Standards are not used);

- (g) **The auditor's signature;**
 - (h) **The date of the auditor's report; and**
 - (i) **The auditor's address.**
66. The auditor may be obliged by national law or regulation to use a layout or wording in the auditor's report that differs from that described in this SSA. When the differences only relate to the layout and wording of the auditor's report, the auditor will be considered to have complied with the reporting requirements of the SSAs provided that the auditor's report includes, at a minimum, each of the elements identified in paragraph 65 – even if using the layout and wording specified by national laws or regulations. Where specific requirements in a particular jurisdiction do not conflict with SSAs, the auditor adopts the layout and wording used in this SSA so that users can more readily recognize the auditor's report as a report on an audit conducted in accordance with SSAs.

Unaudited Supplementary Information Presented with Audited Financial Statements

67. **The auditor should be satisfied that any supplementary information presented together with the financial statements that is not covered by the auditor's opinion is clearly differentiated from the audited financial statements.**
68. As noted in paragraphs 25-26, the entity may be required to, or management may choose to, include supplementary information together with the financial statements. The auditor's opinion is considered to cover supplementary information that cannot be clearly differentiated from the financial statements because of its nature and how it is presented. In other circumstances, however, law or regulation may not require the supplementary information to be audited and management may not ask the auditor to include the supplementary information within the scope of the audit of the financial statements. When the supplementary information is not intended to be audited, the auditor considers whether that supplementary information is presented in a manner that could be construed as being covered by the auditor's opinion and, if so, asks management to change how the information is presented. The auditor considers, for example, where the unaudited information is presented in relation to the financial statements and any audited supplementary information, and whether it is clearly labeled as "unaudited." The auditor asks management to remove any cross references from the financial statements to unaudited supplementary schedules or unaudited notes because the demarcation between the audited and unaudited information would not be sufficiently clear. Unaudited notes that are intermingled with the audited notes can also be misinterpreted as being audited. Therefore, the auditor asks the entity to place the unaudited information outside of the set of financial statements, or, if that is not possible in the circumstances, at a minimum, place the unaudited notes together at the end of the required notes to the financial statements and clearly label them as unaudited.
69. As noted in paragraph 23, when the auditor is aware that the financial statements will be included in a document that contains other information, the auditor may consider, if the form of presentation allows, identifying the page numbers on which the audited financial statements are presented in the auditor's report. This helps readers differentiate the financial statements from other information not covered by the auditor's opinion.
70. **If the auditor concludes that the entity's presentation of any unaudited supplementary information does not differentiate it sufficiently from the audited financial statements, the auditor should explain in the auditor's report that that information has not been audited.**

been able to obtain sufficient appropriate audit evidence. In such circumstances, the auditor expresses a disclaimer of opinion.

71. The fact that supplementary information is unaudited does not relieve the auditor of the responsibility to read that information to identify material inconsistencies with the audited financial statements. The auditor's responsibilities with respect to unaudited supplementary information are consistent with those described in SSA 720, "Other Information in Documents Containing Audited Financial Statements."

Effective Date

72. This SSA is effective for auditor's reports dated on or after December 31, 2006. The amendments made to SSA 700 (paragraphs 28 and 60) in March 2008 are effective for auditor's reports dated on or after 19 March 2008.

Public Sector Perspective

1. *Some terms in this SSA such as "engagement partner" and "firm" should be read as referring to their public sector equivalents.*
2. *In the public sector, legislation governing the audit mandate may specify the layout of or words to be used in the auditor's report. When the auditor prepares the auditor's report using the layout or wording specified in such legislation, the auditor's report should refer to the audit being conducted in accordance with SSAs, and the legislation governing the audit mandate, only if the auditor's report includes, at a minimum, each of the elements specified in paragraph 65(a)-(j). As discussed in paragraph 66, where legislation governing the audit mandate does not conflict with SSAs, the auditor adopts the layout and wording used in this SSA so that users can more readily recognize the auditor's report as a report on an audit conducted in accordance with SSAs.*
3. *In addition, legislation may specify the responsibilities of management and auditors in relation to the audit. The descriptions of such responsibilities included in the auditor's report will need to reflect the requirements of the legislation.*
