To view the answers for these sample questions, you may refer to the PDF version of the sample questions and answers which is available on the learning resources [link](#). Please go to tab on **“Mode of Assessment: Computer-Based Exam”** to see the sample questions and answers for each module.

## 2. Full Practice Exam

The full practice exam for the **Forensic Accounting and Investigation, Digital Forensics and Financial Crime** modules are available on Exemplify for practice. You are highly encouraged to try out the practice exams which mirror the format of the actual exam for each module (i.e., number of questions, duration and assessment weighting etc.). The additional feature of this practice exam is that you can review your performance and view the correct answer and explanation to each exam question.

You are encouraged to time yourself for the practice exam. You can attempt the practice exam as many times as you want.
